## Illumination

Emergency lamps use long-lasting, energy efficient ultra-bright white LEDs. 12 high output LEDs per head with a fully gasket enclosure and clean polycarbonate lens cover.

## Electrical

- Dual 120/277 Voltage.
- Charge rate/power "ON" LED indicator Light and push-to-test switch for mandated code compliance testing.
- LVD (Low voltage disconnects) prevents battery from deep discharge.
- 6V Maintenance free, rechargeable sealed lead acid battery.
- Internal solid-state transfer switch automatically connects the internal battery to led board/lamp heads for Minimum 90 minutes emergency illumination.
- ABS Fire-Resistant Plastic

## Damp Location Emergency Unit

### Warranty

- 2 years Warranty on all electronics and housing. Battery pro-rated for two years.
- UL listed for damp locations (20 °C – 40 °C)

### Mounting

Universal mounting plate allows fast installation.
