High Power MR16 Bulb 8W

LED Lamps

Engineered for high-performance landscape applications, this 8W MR16 LED Lamp features a rugged die-cast aluminum body for superior thermal management. Delivering powerful, high-lumen output equivalent to a 50W-75W halogen, it is IP65-rated for reliable operation in wet locations. Designed with professional designers in mind, it offers precise beam control and seamless dimming compatibility with most magnetic transformers.
